

INSPIRE UPDATES

What's new and important for researchers to know

Did you know: Researchers have discovered that 87.4% of all statistics are made up... including this one.

Happy April Fools Day!

Important Reminder

The ISPR WINTER session will be closing April 10th 2023 at 4:00pm.

We encourage all researchers to credit any remaining time slots as soon as possible.

Spring & Summer

ISPR Spring session

opens: May 8, 9:00am
closes: June 11, 4:00pm

ISPR Summer session

opens: June 24, 9:00am
closes: July 26, 4:00pm

ISPR Pre-Screen Questionnaire

To request specific questions be added to the Student ISPR pre-screen, please fill out the form below or scan the QR code

https://uottawapsy.az1.qualtrics.com/jfe/form/SV_6n7jluuc3Vv883I

For the inclusion of pre-screen questions for the Spring-Summer 2024 semesters, **please submit your request by 4:00 pm on April 30th, 2024.**

ISPR COMMUNITY PARTICIPANT POOL

Are you a researcher interested in collecting data from diverse populations, or an individual interested in participating in research studies at the University of Ottawa? the ISPR community pool is for you!

Register here

For more information email: inspire@uottawa.ca

INSPIRE LAB VISITS

On March 23rd, 2024 dozens of high school students viewed the INSPIRE lab facilities as part of the University of Ottawa's open house. During the tour, students were invited to see our lab space, psychophysiological equipment and data collection tools. We hope to meet these students once again as researchers. Good luck!

NEW EQUIPMENT

VR equipment at INSPIRE... our Quest 3 headset arrived. More information coming soon!

ASK US YOUR QUESTIONS

Mon - Fri 9:00am - 4:00pm
VNR 5074 or Online

Ask us your questions in person or online! Our research assistants are online during their scheduled shifts and would love to talk about your projects over a coffee. All we need is an email.
